“Don't be led away to think this part of the world important and that unimportant. Every corner of the world is important. No man knows whether this part or that is most so, but every man may do some honest work in his own corner.”

— Thomas Hughes

Let's read on what the children have done in their respective corners !

## Highfliers Become Victors

### Powerhouse of Excellence

Jahaan Patel of Grade V received a Bronze Medal in 1000 m. Road race & Gold Medal in Time trial for 300 M. Rink race

In World Robotics Championship held at Kolkata, Aman Shah of Grade VII secured the 1st position for which he met the Chief Minister of Gujarat, Mr. Vijay Rupani

Mask making competition was organized on 24th December, 2016. All students participated in the competition. The winners from each class were awarded.

Hiya Patel (VI), Aditi Joshi (VII), Krishali Shah and Drashti Patel (VIII) secured the 1st Position.

Bhavna Mistri (VI), Anugya Thakur (VII) and Manswini Bais (VIII) secured the 2nd Position.

Snigdha Agarwal (VI), Nishtha Chauhan (VII) and Hanika Khatwani (VIII) secured the 3rd Position.

### Creative Writing Workshop – Authors in the Making

A Creative Interaction Session was organised for classes IX-X on 7th October 2016 with Mr. Allan Gibbons, renowned UK based author, who has written more than a hundred books. Students from ZSE- Vejalpur and ZSE- Godhavi attended the session and awakened their potential writer's spirit.

### Workshop on Healthy Living for Girls – Prevention is Better than Cure

A workshop was held on 19th October, 2016 for girls of Grade VIII– XII by Dr. Falguni Parikh (Gynecologist). Dr. Parikh educated the girls about PCOS– PolyCystic Ovary Syndrome. She threw some light how to maintain good reproductive health and how to detect PCOS in the early stages.

### MUN Workshop– Bridging the Gap between UN and MUN

A Model United Nations Workshop was held for Grades VII-XII. It was a two-day workshop held on 20th and 21st October. The first day MUNers were explained about the rules of procedure and the second day had a formal debate session. It was a learning experience for all the young orators.

## Teachers Workshop at AMA: Enhancing Qualitative Teaching

Pre-Primary Teachers met the subject expert, **Sonia Relia** on **19th November, 2016** and shared ideas and introduced the latest teaching methodologies and classroom strategies.

## Math Workshop: Building Block of Logic and Reasoning

A workshop for **Maths teachers** held on **3rd December, 2016** it was conducted by **Manjari Patel**. The focus of workshop is to help a teacher appreciate the usefulness and applicability of Mathematics in real-life situation and to explore its relationship with other subjects in the curriculum.

## Effective Methods of Teaching English Workshop

On **10th December, 2016** the **English teachers** of our School attended a workshop on **Effective Methods of Teaching English**, conducted by **Mala Palani**. The teachers met subject expert, shared ideas and got introduced to the latest teaching methodologies and classroom strategies

### Special Assemblies -Zestful Zydans

The morning assembly is a sacred platform for the School to pray together, share positive ideas and showcase endeavours of students in their formative years. It is full of facts, quizzes, presentations, songs and a lot more. With every passing assembly, the students grow increasingly confident of expressing their thoughts and ideas.

### Second Open House:A Parent-Teacher Interaction

A **Parent-Teacher meeting** was held on **15th October, 2016**, to discuss the performance of students . Our Principal also interacted with parents and shared progressive plans for the School to be taken forward in collaboration with parents and teachers.

Thereafter, parents interacted with the teachers and were apprised on the progress of their wards. Parent feedback forms were collected in order to have inputs on all areas of working .

## Khel Mahakumb 2016: A Carnival of Sports

The students of Zydus School for Excellence- Godhavi took part with alacrity in **Khel Mahakumb 2016**, held between **16th to 18th October** and brought laurels to our School by triumphing in various events. More than 50 students participated and won in games like Chess, Lawn Tennis, Hockey, Skating, Badminton, Table Tennis and Football and earning a total amount of **Rs. 85000**. Girls bagged the **First Position** in **Hockey**; **Vedang Laik** of Grade X won the **U-16 100m Race**. Our School also secured **3rd Position** in **Basket ball (Girls and Boys)** and **Hockey (Boys)**.

## Winners on the Field – Khel Mahakumbh

Winners	Championship	Position	Level
Chitraksh Bhatt	Table Tennis	First position	State level
Adi Jain	Chess	Second position	State level
Yagna Patel	Lawn Tennis	First position	District level
Jahaan Patel	Skating	First position	District level
Devanshi Thakkar	Chess	First position	District level
Team of 16 players (Female)	Hockey	First position	District level
Vansh Doshi	Chess	Second position	District level
Amrit Dharamwani	Badminton Doubles	Second position	District level
Team of 12 players	Basketball	Second position	District level

### Aadi Jain

I got to meet really brainy people who are experts in the field of Chess. I learnt new tips and tricks for the game.

### Akanksha Nimbalkar

Meeting athletes of other schools was a really great experience. We got to make new friends and learn a new definition of sportsmanship.

## ZYSPORTS 2016– A Sports Extravaganza

The Annual Zysports 2016-17 meet was held on **26<sup>th</sup> November, 2016**. **22 schools** participated. It was a huge forum to exhibit the sportsmanship of the student athletes of the city. The guest of honour was **Colonel Akshoni Malik**. The Constitutional Day was celebrated by reciting the Preamble of India to honour our democracy by all. **Zydus School for Excellence-Godhavi bagged the March Past Trophy**. **DAV International** scored a hat trick by once again winning the **Zysports Rolling Trophy**.

## SPORTS DAY 2016– Rendezvous Amidst Cheers

Annual Sports Day was celebrated on **23<sup>rd</sup> December, 2016**. Mr. Omprakash Arya, Mr. Manubhai Patel- CSR Directors and Ms. Sujatha Rajesh- Zydus Cadila with their enthusiastic presence greatly inspired the students to give their best. Ms. Jayshree Balasaria, ZSE welcomed the august gathering and appreciated the cheerful presence of parents and others for the successful conduct of the sporting event. The event was organised in both the grounds. Every single student, from Jr. Kg. to Grade 12 engaged him/herself in different games; more than 50 students volunteered themselves for the event to become successful. At the end, the Best Athletes in all the categories were given recognition in the form of special trophies.

The **March Past Trophy** was awarded to **Jagriti House** for their outstanding performance. And, finally, the ultimate **Rolling Trophy** was presented to **Jagriti House**! Overall, the 7<sup>th</sup> Sports Meet of ZSE-G was a magnificent rendezvous for parents and their children.

### Trip to Rishivan Farm: Transforming Seedlings into Fruitful Trees

Grades I to III went for a picnic to **Rishivan Farm** on **1st October, 2016**. The kids were shown 7 wonders of the world and a 6-D movie which they thoroughly enjoyed. Icing on the cake was added by a magic show which left the tiny ones amazed!

**Jayrudra- 3rd Satpura shares....**

"I enjoyed the roller coaster and Columbus. We had tasty lunch and a lot of adventurous rides.

My friends and me had a gala time with our teachers, they took care of us very much".

### Trip to Mount Abu: A Peak of Adventure

Students of **Grade VIII** were taken to **Mount Abu** on **16th –18th October, 2016**. They witnessed the Sunset point, adventurous activities like rock climbing and rappelling, and enjoyed the camp fire at night.

**Samriddhi Bajpai-8th Annie Besant shares...**

"The trip was really fun. Seeing the Sunset point and exploring nature's beauty from the top of the mountain left us spell-bound. We enjoyed the camp-fire in the chilly climate. The food was yummy and the adventurous activities were the icing to the cake!"

## Trip to Kumbalgarh: The Relics of Past have Stories to Tell

Students of **Grade V** had an educational trip on **28-29 November, 2016**. They visited **Kumbalgarh Fort**, had a surprise DJ party, enjoyed camp-fire, been to Haldighati and learnt about Maharana Pratap . They came back with a lot of fun and learning.

### Ananya Goenka- V -Vasant shares...

“ We visited the second longest wall of the world and the birthplace of the great Maharana Pratap. We will never forget this trip for the rest of our lives.”

## Trip to Gir and Diu: Relishing Forests and Cherishing the Seas

Students of **Grade 10** were taken to **Gir and Diu** on **28th –30 November, 2016**. They had a pleasant stay in a resort in Gir, enjoyed pool and DJ along with the forest safari and enjoyed the Tribal Dance. Visited Diu fort, Church and finally to the beach and they enjoyed rain dance. The trip left memories to cherish forever.

### Yash Khole XII- Prithvi shares...

“Ranging from the wildernesses of the Gir forest , to the a blazing cool breeze of the gigantic Arabian sea, it was a great trip to look back from passage of time.”

## Trip to Parvati Hills: In the Deciduous Forests of India

Students of **Grade VI** were taken to **Parvati Hills** on **5th-7th December, 2016**. They had camp fire, were shown the night sky and the beauty of the moon and stars. They did various adventurous activities and were shown Raja Satyavati Harishchandra Chori and Satyavati Temple.

### Daivat Kale–VI-Eklavya, shares...

“Parvati hills was indeed a great experience for us. We learnt a great deal of things into the wild, which we will cherish throughout our lives.”

## Trip to Children’s Film Festival: Journey of Young Cinematographers

Around **200 students** from **Grade VI-VIII** attended the **1<sup>st</sup> Children’s Film Festival** held at **Gandhinagar** on **9th and 10th December, 2016**. They watched movies like **Happy Mothers’ Day**, **Pappu Ki Pagdandi**, **Gaurau Bhujang** and an animated **Cartoon Film**, met and interacted with the famous Director of the Movie “Chillar Party”, **Mr. Amitabh Singh** and had a short session on being proactive in case of Emergencies.

### Adityaraj Mohta–VI Kalam shares...

“It was really a learning experience and seeing those people who we see on TV was a privilege. Everyone loved the seminar held there and enjoyed to the fullest watching amazing movies!”

## Water

When I was young, I used to think,  
Water comes from the kitchen sink.  
But I'm older now, and I know,  
Water comes from rain and snow.

It stays there, waiting in the sky,  
In clouds above the world so high.  
And when it falls it flows along,  
Splashes out a watery song.

As each raindrop is joined by more  
And rushes to the ocean shore,  
Or to a lake, a brook, a stream  
But while it's down near,  
What do you think?  
Someone goes to the kitchen sink!

By-  
Dinta Shah (IV-Swati)

## Mother

There is a person,  
Who makes me smile.  
There is a person,  
Who is an angel  
The angel sent by my lord  
She is my best friend  
She is my mother  
She helps me to study  
She makes food for me  
Oh! Father, I am so lucky  
To have an angel inform of mother  
Who is the best gift I have forever.

Dikshita (IV-Ashwini)

## A Journey by Train

We all cherish a train journey. Sitting by the window, watching the trees and poles move by is a memory we all enjoy recalling. Let's peep into the journey of trains right from their invention to the modern day high speed maglev trains.

Steam engines are the ancestors of the new high speed smart technology trains. Between 1800 to 1825 trains had carriages which were pulled by horses. The first passenger train was the Stephenson's locomotive. It was a steam engine carrying people in carriages. A locomotive is a part of the train which contains the engine. These were gradually replaced by the diesel locomotives. They were more reliable and railways became a major carrier of goods as well as passengers. Electrical locomotives were experimented way back in 1879 and since there has been a major transport revolutions in Rail transport.

Bullet trains travel 3 times faster than the normal trains. The invention of the first bullet train in 1964 in Japan started a race between countries as to whose train would be the fastest. The Shanghai maglev also known as the Shanghai trans rapid is currently the fastest train in the world. Indian Railways, the 3rd largest railway network after USA and China is not far behind. The Gatimaan, operating between Delhi and Agra is currently the fastest train in India. Talgo, the high speed Spanish train is ready to operate between Delhi and Mumbai. In the near future India is going to get its first bullet train between Ahmedabad and Mumbai.

As old is gold, some things cannot be replaced. The Darjeeling rail network along with the Nilgiri mountain railway and Kalka-Shimla railway is listed as the mountain railways of Indian world heritage site.

In the near future the trains will be more high-tech a will replace these old trains soon but for now we are happy with our same old trains.

## La Langue Francais

C'est une expérience formidable. Je lis et j'écris le français. La langue n'est pas difficile. J'essaie de parler français. La France a la culture différente de l'Inde. Nous nous amusons bien la langue française. Nous écoutons les disques et regardons les vidéos françaises. Je me rêve d'aller en France et visiter tous les monuments comme la tour Eiffel, Musée du curé, Cathédrale de Notre Dame, Musée d'Orsay, Arc de Triomphe, Château de Versailles. C'est mon rêve de la vie. J'adore la langue français.

## हम हमेशा दोस्त रहेंगे

हर खुशी तकलीफ,साथ जीया करते थे,  
हार हो या जीत एक दूसरे को साथ दिया करते थे,  
कभी तुम हमसे,कभी हम तुमसे रूठ जाते थे,  
फर हम तुम्हें और कभी तुम हमें मना लया करते थे,  
एक दूसरे की हम खुद से ज्यादा परवाह कया करते थे,  
कभी हम तुम्हें और कभी तुम हमें मुश्किलों में साथ दिया करते थे,  
कभी हम और कभी तुम गम बाँट लया करते थे,  
ना रिश्ता खून से ना रिवाज से बंधा,  
फर भी ज़िंदगी भर साथ देते थे,  
ये सब बस कल ही की बात लगती है।  
हम तुम अपनी दोस्ती पर कतना इतराया करते थे ।  
यकीन नहीं होता वक्त के साथ हालात इतने बदल जाएँगे,  
हम अपनी -अपनी दुनिया में इस कदर खो जाएँगे,  
एक दूसरे की ज़िंदगी में बस याद बनकर रह जाएँगे,  
खैर हम ना तुमसे,ना ज़िंदगी से कोई शकायत करेंगे,  
बस इस यकीन को हमेशा दिल में कायम रखेंगे,  
जब भी दिल से पुकारेंगे,तुम्हें अपने पास पाएँगे ।

## From the Pens of Young Maestros

### Believe

Hey you, Yes you!!  
Have you ever looked that through?  
Stop and think,  
You just need to connect those links..  
Don't confine your mind to that cage;  
You can't write a book from a single page...  
Open your eyes, look beyond that curtain;  
You're capable of a lot more, that's certain...  
Push your boundaries; you know you can do it;  
Don't worry, bud, the sky's not the limit...  
Widen your vision;  
Don't be scared, it isn't treason...  
Acknowledge the yellow beneath the green in trees;  
Catch the white behind the blue in seas...  
Turn that cone upside down;  
Ditch those tracks, flaunt that gown...  
You don't need to be the Mockingjay, you'll always be catching fire;  
You don't have to be Apollo to be able to play the lyre...  
And then if they judge you, judge them back;  
Show them who you are; drown them in sass...  
Don't look back, step on the wheel;  
You don't need to care, for those who don't feel...  
Rain down on the leaf, not the pond;  
Then let's see, what they got to taunt...  
For, no matter how much they rip you inside;  
It's not them who needs to apprehend the charm you hide...  
Don't need the people who look for perfections;  
'Cause your beauty is in those imperfections...  
Drop that frown and widen your smile;  
'Cause someone said- Being happy never goes out of style...  
Don't care about those poor rates;  
'Cause haters ain't got anything to do except hate...  
Don't worry about the result, you've just begun;  
Don't call it a dream, call it a plan...  
You don't need a perfect needle, what matters is the thread;  
And when you got one golden, why don't you go ahead?  
You can, if you ignore and believe;  
Just go ahead and believe and you'll definitely achieve...

## Can Religion and Science Co-exist?

My heart believes that religion and science can be followed simultaneously and rather they are closely linked with each other. Things which can't be explained by religion is appropriately reasoned by science and vice versa.

It is believed that Wright Brothers - designers and inventors of the early aircraft, have confessed that the design has been referred from 'Vaimanika Sastra' an early 20th-century religious book. The honey bee has found mention in the religious text of Quran, for its scientific importance for honey, wax etc.

My heart says that religion has given illustrations on prejudices and principles that are directly related to the origin of life and the universe wherein it imagines an almighty under whose grace we flourish. To its contravene, science has emanated with various theories with their magnificent thesis to paraphrase the emergence of life and universe with The 'Big Bang Theory', 'Anthropic Principle', 'Darwinism' etc. These theories genuinely convince that life has originated from biomolecules that took millions of years to be synthesized and react- these theories contradict religious belief !

I sit with an unresolved question in my mind "If God created life and universe ,Who created God?"

## The Poem of Belief

I believe, I am capable,  
The one who is adaptable  
I believe, I will reign  
And break away every chain  
I believe I can do anything  
God has given me everything  
I believe I will reach to fame  
And surpass everyone who found lame  
I am a lion who can't be tamed  
I have been born to rule  
I will change the world's old rule  
I will be successful and resourceful  
And will create a new tool  
I will use my every thing  
To achieve every little thing  
In this world of selfishness  
I will spread happiness.

## Inked by the Editors

“Creativity is a lot like looking at the world through a kaleidoscope. You look at a set of elements, the same one everyone else sees, but then reassemble those floating bits and pieces into an enticing new possibility.”

Kaleidoscope Issue III is a compilation of immense efforts put forward by the invincible Zydans and is also a specimen of their creativity. The student today is an individual, is a real person with feelings of self-respect, sensitivity, responsibility and compassion. We need to recognise, appreciate, applaud and foster the fine blend of sensibilities in a child – and thus this Issue is to be viewed as a launch pad for the children’s creative urges to blossom naturally. As the saying goes, mind like parachute works best when opened. This humble initiative is to set the budding minds free allowing them to roam free in the realm of imagination and experience to create a world of beauty in words.

ZSE-Godhavi attains its eminence in the first place through the achievement of children and thus this Issue is a reflection of our great achievers in various spheres, it also espouses the school spirit which is built up within the school through the collective actions, thoughts and aspirations. All these, I believe would spur higher growth in children. It is said, “A flower makes no garland” and thus this Issue is the outcome of the effort put in by our highly experienced and cooperative teachers, our editorial team and the zestful Zydans who put in their heart and soul to contribute to the Issue.

From the entire editorial team,

We wish you all happy reading!
